

46th Dixie Crow Symposium
20-23 March 2022
Fabulous Event

The Dixie Crow Chapter, of the Association of Old Crows hosted a fabulous 46th Annual Symposium in Warner Robins, Georgia at the Museum of Aviation, Robins AFB. The **“SOLD OUT”** Exhibit Hall offered the opportunity for vendors to emphasize the importance of Electromagnetic Spectrum Operations (EMSO) including Electronic Warfare (EW) systems and the vital role that Command and Control, Intelligence, Surveillance and Reconnaissance (C2ISR) provides in protecting our warfighters on today’s modern battlefield.

Event Details:

46th Dixie Crow Symposium
20-23 March 2022
Fabulous Event

14) 9th Annual Crows N.E.S.T. (Novel Experiments with Science & Technology)

This event, is normally located in the Museum’s Century of Flight Hangar as a collaborative effort providing technology demonstrations among local military, government civil service, academia, the defense industry, and volunteers on Wednesday of our Dixie Crow Symposium. N.E.S.T. is designed to inspire students to pursue STEM careers. In order to allow maximum symposium attendee and community support we followed our 2021 process by focusing our N.E.S.T. STEM efforts on providing monetary donations to eight (8) (Bonaire Middle, Houston County High, Huntington Middle, Northside High, Perry Middle, Sacred Heart, Veterans High, and Warner Robins High) surrounding schools to supplement STEM teacher’s classroom budgets. The Chapter also made sure that students at the eight (8) schools received our renowned Crows N.E.S.T. t-shirt along with all of our Dixie Crow Chapter Education Foundation Industry Partner Logos displayed proudly on the back with GDCA sponsored ink pens.

15) John Wayne Carter Invitational – Southern Landings –“SOLD OUT” w/100 golfers!
